Future-proof your developments with Enable fibre

Why develop with Enable?

- Our process is simple and standardised to help your property title be released as timely as possible
- Over 70% of homes and businesses across Greater Christchurch are connected to Enable fibre broadband
- Being local, we're the fibre provider at the forefront of our city's development
- We're 100% owned by the people of Christchurch, which means you're supporting the community and giving back to the region

Fibre broadband offers occupiers:

- Consistency and reliability: Multiple users can connect all at the same time without any loss of quality
- Ultra-fast speed: Browse, stream and download at the fastest speeds possible so users can work, study or play and enjoy peak performance

For more information contact Enable on 0800 434 273

Offers available until 31 July 2024.
